

Enhanced heat sink design-high power led tube

1. Enhanced heat sink construction

The patented led tube design have a efficient heat sink construction —complete alum tube ...not like normal led tube in the market which have half alum tube for heat sink...

2. Removable power supply:

3. 180degree turned base

Buckets Effect

How much water can be contained in the bucket is decided by the shortest board,the lifespan of led tube is also decided by the shortest lifespan of led. Therefore, more led quantity, higher POSSIBILITY of short lifespan and failure effect. It is the crucial factor for us to choose high power led like CREE led.

High power led is your best choice!
LOW DEFECTIVE RATIO/REAL LONG LIFETIME

A breathing smd CFL —stack effect heat dispassion design

Inner heat releasing channel: Air flow go through the inner body of alum and enhance the heat releasing power

MODEL:GB-CFL-3U01
9W 550lum LED CFL BULB
(REPLACE DIRECTLY WITH 16W TRADITIONAL CFL BULB OR 60W CONVENTIONAL GLOBAL BULB)

Compare to Compact Fluorescents:
·NO Mercury Vapor
·NO Gases
·NO Ballast and starter
·LAST 30,000 hours (5-6 times longer than CFLs)
·Consume less than 50% electricity as CFLs
·LOW heat generation
·LOW maintenance cost

Compare to normal LED BULB:
Much higher light output
Transparent plastic cover: strong and good looking (similar to traditional CFL)
Better heat dissipation & thus longer lifetime for the leds because of special LED installation.
No hazardous materials & fully RoHS-compliant

LED STREET/COURTYARD BULB

18W-40W/1500LM-3000LM
Long lifetime of Fan inside for 35w OR MORE

LED T8 TUBE

Model: GB-T8-06EX
10pcs 1w high power led/
10w/900lm 2ft led tube

Model: GB-T8-12EX
20pcs 1w high power led/
20w/1800lm/4ft led tube

Model: GB-T8-15EX
26pcs 1w high power led/
26w/2400lm/5ft led tube

LED T5 fixture light-pending

It must be work together with our fixture

Model: GB-T5-06EX
10pcs 1w high power led/
10w/900lm 2ft led tube

Model: GB-T5-12EX
20pcs 1w high power led/
20w/1800lm/4ft led tube

Model: GB-T5-15EX
26pcs 1w high power led/
26w/2400lm/5ft led tube

LED CFL/PLC BULB

E27

G24

Model: GB-CFL-3U01
72pcs 3014 SMD led/
9W/550lm
E27/E26/E14/G24 selectable

Key Features:

- 1) comfortable light output;
- 2) Stack effect heat dissipation;
- 3) Heat sink smd led 3014.

LED COURTYARD BULB

E40/E39/E27/E26

Model: GB-CS48SMD
48pcs SMD led/18w/1000lm

Model: GB-CS72SMD-A
72pcs SMD led/25w/1500lm

Model: GB-CS72SMD-B
72pcs SMD led/35w/1800lm

Model: GB-CS144SMD
144pcs SMD led/40W/2300lm

Key feature:
Enhanced heat sink/360degree light output

30-50w led bulb-E40

Model: GB-IL30WBULB
30W single high power led/2400lm/total 32w input

Model: GB-IL50WBULB
50W high power led/3600lm/total 45w input

LED LAMP

LED candle bulb 3.5w

Model: GB-C701
1pc 3W Samsung high power led/
3.5w/150lm
E14 base

Key Advantages

- 1) high power Samsung led with high lumen output
- 2) advanced lens providing light in all directions

Please contact us for more details.

IR/optical sensitive ceiling lamp

Model: GB-CM-8W
168pcs DIP or SMD 3528 led / 8-10W

Key Advantages:

- 1)Original Japanese Infrared and optical sensor inside
- 2)Min 5m sensitive distance .

Please contact us for more details.

LED GLOBAL BULB

Model: GB-D45-BL03
1pc 3W high power led/2.2w
D:45mm;H:72mm;
E27/E26/B22

Model: GB-G55-BL05
3pcs 1W high power led/4.2w
D:50mm;H:93mm;
E27/E26/B22

Model: GB-G60-BL07
5pcs 1W high power led/6.5w
D:60mm;H:90mm;
E27/E26/B22

LED G4

Model: GB-G4-15D
15pcs 3014 SMD led/1.6W/100-120LM

Key Features:
Alum heat sink
Imported 3014 smd

LED HIGH/LOW BAY

Model: GB-IL30W
1pc 30W high power led/2400lm

Model: GB-IL50W
1pc 50W high power led/4000lm

Model: GB-IL80W
1pc 80W high power led/6400lm

Model: GB-IL100W
1pc 100W high power led/8000lm

Key Features,
85-265VAC INPUT/PF>0.9

50um Epistar led chip which is better than normal 45um Bridgelux led

Outdoor used led lamp

LED street light

Model: GB-90S
 18pcs 1W high power led/
 1600lm
 85-277VAC input 20W
